- 4. CDC Growth plan with SBSD**

Goal 1: Communication Goal:

Implement a communication structure that supports students, parents and staff throughout the CDC program

- ▶ **Objective 1: Events:** provide timely parent and staff information announcing all CDC events to increase numbers in attendance and determine which events are most meaningful
- ▶ **Objective 2: About the child:** Staff and parents will work together to determine the most efficient and respectful methods of communication about the child
- ▶ **Objective 3: Parent Education:** Develop a plan for meaningful parent education including parent feedback forms
- ▶ **Objective 4: Curriculum and Learning Skills:** Review, expand and evaluate the processes in place to communicate curriculum/learning skills to staff and parents

Goal 2: Curriculum and Instruction Goal:

Implement research-based instructional strategies that vertically align curriculum to meet the needs of all learners

- ▶ **Objective 1: CDC Wide= Create and implement a professional development plan that supports curriculum, instruction, and assessment**
- ▶ **Objective 2: Preschool= Implement and integrate Little Treasures curriculum with inclusive, best practices in preK classrooms while aligning Little Treasures themes with younger CDC classrooms**
- ▶ **Objective 3: Preschool= Understand and implement the skills in the Infant/Toddler and Preschool Foundations and select/design appropriate assessment tools for teacher articulation and parent communication.**
- ▶ **Objective 4: School Age= Continue to implement and develop thematic instruction throughout the school-age program**

Goal 3: Environment and Operations Goal: **Implement an engaging, safe, well-maintained environment supported by a systematic operational plan**

- ▶ **Objective 1: Provide a modernized CDC environment that supports our goal of being engaging, safe, and well-maintained**
- ▶ **Objective 2: Create and implement a competitive, convenient fee structure that continues to encourage and expand participation at all levels**
- ▶ **Objective 3: Evaluate current organizational structure and it's relationship to current professional development needs and our goal to deliver the highest quality of instruction and support to all learners**
- ▶ **Objective 4: Create a CDC growth plan to meet the increasing needs of our community and continue partnership with the district in the planning and development of school #7 to meet the needs of all students**
