

Solana Beach School District

August 5, 2009

To the parents of:

The Child Nutrition Department is pleased to announce a new computerized system for lunch services called NUTRIKIDS® POS System. Implementation of the new system is scheduled for August 26, 2009.

For the first few days after the start our lunch line may be slower, but as the students familiarize themselves with the system, the lines should move much quicker than before.

The new online payment system will be available on August 07, 2009 (Every registered student will be entered into the computerized system to make the payment process even easier). We strongly recommend parents/guardians deposit money into the student's account via the online payment system. However, the system is quite flexible and students can still pay in cash.

To access the online services:

1. Go to the district web site at www.sbsd.k12.ca.us
2. Click on the Child Nutrition link.
3. Click on the MyNutrikids.com link. From this site you will create your account and deposit money to your child's (children's) school meal account. All you need is your child's (children's) name(s), student ID number and school ZIP code.

..... Child's Name Student ID School ZIP code
-----------------------	---------------------	--------------------------

If your child has qualified for free or reduced meal prices, this information is noted in the system, and the meal will be processed just as it is for all other students without any special indication to the students. You will need to fill out a new free/reduced application for this school year. Please do so as soon as possible.

Thank you in advance for your patience in implementing this system.
