

## Resource For Families

### Who to Notify and How In Positive or Presumptive COVID-19 Cases

As a reminder, all Onsite Scholars parents and guardians have agreed that in order for their children to participate in the onsite learning program they will, among other requirements ([see SBSD Parent/Guardian Health and Safety Agreement for Onsite Instruction for details](#)):

- Screen child for specified health symptoms ([see SBSD's Guide to Reopening Schools 2020-21](#)) on a daily basis prior to attending school and keep child home if displaying any symptoms;
- Keep child home and notify the school administrator immediately if child has come in close contact with someone who has tested positive for COVID-19 (CDC defines "close contact" as someone who is within 6 feet of an infected person for a cumulative total of 15 minutes or more over a 24-hour period); and,
- Notify school administrator immediately if child tests positive for COVID-19. This is for the protection of all students and staff.

**If your child tests positive or presumptive for COVID-19, you must contact your school administrator immediately. (Phone numbers to the right).**

Contact Kathy Cimo, District Nurse and COVID-19 Liaison to the San Diego Health Department, at any time regarding your child's case or with questions at (858) 353-4914.
