REQUEST FOR QUALIFICATIONS (RFQ) SKYLINE SCHOOL PUBLIC ART PROJECT June 4, 2019

SUMMARY DESCRIPTION

The Skyline School Public Art Project consists of various public art opportunities located in the front of the new school. Opening in August 2018, Skyline School is a K-6 elementary school on ten acres along Lomas Santa Fe Drive. The district is seeking proposals from local artists to work with the community to further enhance the new school.

Areas of possible public installation could include the following:

- 1) exterior alcove at Kindergarten classroom building
- 2) columns in front of Administration and Theater
- 3) bike lockers at west end of the campus driveway
- 4) front picket fencing along Lomas Santa Fe Drive
- 5) the monument sign at school entrance

The school is located at 606 Lomas Santa Fe Drive, Solana Beach, CA 92075. The school is across from a shopping center, is surrounded by a single family residential neighborhoods to the west and north, and an apartment complex to the east.

Elevations of the building have been provided in Attachment 'A' along with Phase 3 Art opportunities. Attachment 'B' contains an art opportunity on the fence along Lomas Santa Fe.

PUBLIC ART PROCESS & BUDGET:

Local San Diego artists are invited to submit qualifications for the art opportunities. The Project Arts Committee will select up to three artists per opportunity to create scaled art proposals. The Project Arts Committee, consisting of members from the district, community, and City of Solana Beach, will review all proposals and select three semi-finalists who will be offered a stipend of \$500 to prepare initial concepts. Additional details will be provided to artists selected as semi-finalists as to the submission of the art concepts, which will include sketches, relevant inspirational imagery and a brief narrative of the art concept. Artist submissions will be reviewed and a final artist will be selected to complete the project. The anticipated budget for this work is \$25,000 but final budgets will be determined during final contract negotiation.
