

Outside Vocabulary Cards

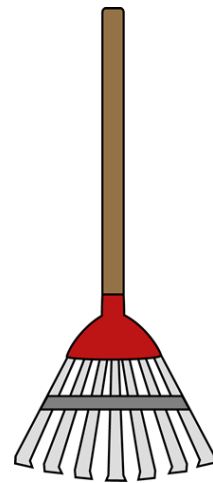

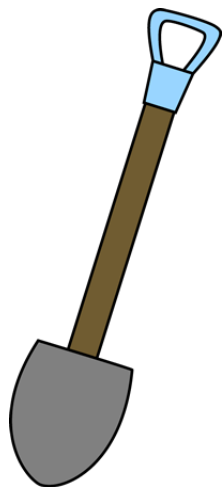

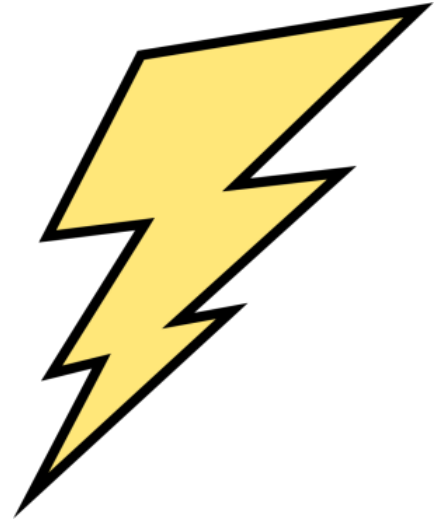

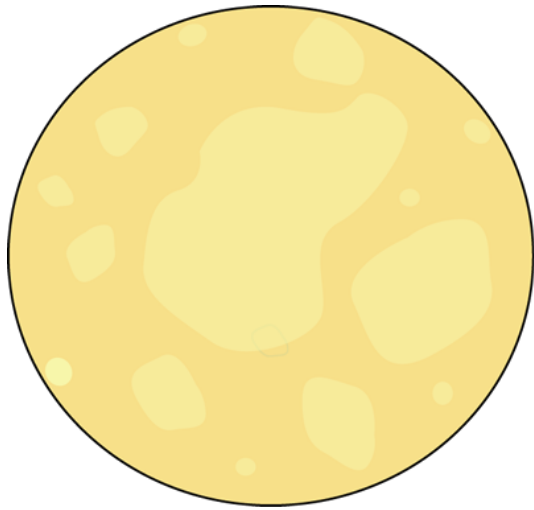

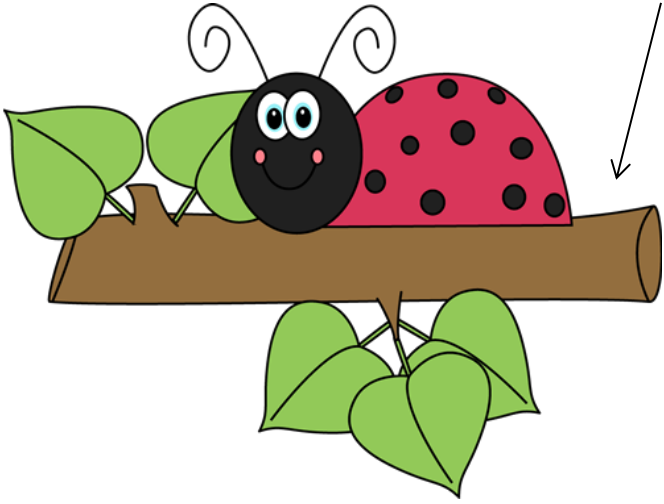

Here are 24 flashcards designed for targeting outside vocabulary words. There are words related to nature, weather, gardening, and the playground so you'll have a wide variety of words to work on with your students. There are 3 sets of cards. The first set contains only a color picture and the second set contains a color picture and the word. The third set is smaller and is in black and white. I like to use these black and white cards to send home with parents and I think the line drawings are clearer than printing the color pictures in black and white. You can use these cards during a variety of activities. You can print 2 sets and play Go Fish or Memory.
