 FISCAL YEAR 2023-24:**

SECTION I

In accordance with Government Code Section 66006 (b) (1) and (2), the District provides the following information for fiscal year 2023-24.

A. DESCRIPTION OF REPORTABLE FEES COLLECTED BY THE DISTRICT:

The Reportable Fees consist of Mitigation and Statutory School Fees collected for new commercial, new residential, and additions of 500 square feet or more.

B. AMOUNT OF THE REPORTABLE FEES:

The Statutory School Fee amounts for fiscal year 2023-24 are \$4.08 per square foot of assessable space for residential development and additions and \$0.66 per square foot of covered and enclosed space for commercial/industrial development. Due to Solana Beach School District being a K-6 Elementary School District and feeds into San Dieguito Union High School District which is a 7-12 School District, the total amount of the fee is divided by 47.47% Solana Beach School District and 52.53% San Dieguito Union High School District. Residential, additions, and commercial/industrial Statutory School Fees were adopted by the Board of Trustees (“Board”) of the District on September 10, 2020, based on a School Fee Justification Study for the District dated August 21, 2020. The new Statutory School Fees were adopted in accordance with the increase approved by the State Allocation Board in February 2020. The District’s new share of fees were effective September 10, 2020, and are \$1.94 per square foot of assessable space for residential development and additions and \$0.31 per square foot of covered and enclosed space for commercial/industrial development.

SECTION II

PROPOSED FIVE-YEAR FINDINGS

In accordance with Government Code Section 66001, the District provides the following information with respect to that portion of the account or sub-account(s) remaining unexpended, whether committed or uncommitted.

A. IDENTIFICATION OF THE PURPOSE TO WHICH THE REPORTABLE FEES ARE TO BE PUT:

The purpose of the Reportable Fees imposed and collected on new residential, commercial and industrial development within the District is to fund additional School Facilities required to serve the students of the District generated by this new development within the District as needed. Specifically, the Reportable Fees will be used for facility planning and the lease or acquisition of additional School Facilities, remodeling existing School Facilities to add additional classrooms and technology.

Project	Project Total
Portable Classrooms	\$100,000
Professional/Consulting Services & Operating Expenditures	\$20,000
Play Structures	\$200,000

B. DEMONSTRATION OF A REASONABLE RELATIONSHIP BETWEEN THE REPORTABLE FEES AND THE PURPOSES FOR WHICH THEY ARE CHARGED:

There is a roughly proportional, reasonable relationship between the new development upon which the Reportable Fees are charged and the need for additional School Facilities by reason of the fact that additional students will be generated by additional development within the District and the District does not have student capacity in the existing School Facilities to accommodate these new students. Furthermore, the Reportable Fees charged on a new development will be used to fund School Facilities which will be used to serve the students generated from new development and the Reportable Fees do not exceed the costs of providing such School Facilities for new students.

C. IDENTIFICATION OF ALL SOURCES AND AMOUNTS OF FUNDING ANTICIPATED TO COMPLETE FINANCING OF THE SCHOOL FACILITIES IDENTIFIED BY THE DISTRICT:

Source of Funding	Amount of Funding Anticipated to be Received to Complete Financing of School Facilities
