### **ReYOUse: Solana Beach Schools Raise Awareness of Local and Global Conservation with the Upcoming 2<sup>nd</sup> Annual STREAM Fest, Sponsored by Pardee Homes**

The Solana Beach Schools Foundation (SBSF) and the Solana Beach School District (SBSD) will partner to host the 2<sup>nd</sup> Annual STREAM Fest on Saturday, November 2 at Solana Pacific School. Imagination, exploration, and conservation will abound with thanks to STREAM Fest Title Sponsor [Pardee Homes](#), Diamond Activity Booth Sponsor [Zephyr](#), and Engineering Sponsor [Alexandria Real Estate Equities, Inc.](#)

STREAM Fest celebrates the District's interdisciplinary, project-based curriculum of science, technology, research, engineering, arts, and mathematics (STREAM). This year's event theme, **ReYOUse**, raises awareness around local and global conservation efforts and recycling. Attendees of the free, outdoor event can participate in engineering competitions and hands-on activities while enjoying entertainment and refreshments for purchase. Curious minds of all ages are invited to join in the festivities. This year, organizers anticipate doubling the number of students, families and supporters attending to more than 4,000.

According to Jodee Brentlinger, Superintendent of the Solana Beach School District, "STREAM Fest is an excellent opportunity to showcase the incredible STREAM experiences Solana Beach School District students receive regularly. In addition, STREAM Fest allows us to partner with many other organizations focused on supporting STEM learning."

Jimmy Ayala, Division President of Pardee Homes added, "Pardee Homes is thrilled to continue expanding our commitment to education in the communities where we build and for the families we serve. Through the efforts of STREAM-focused programs, including STREAM Fest, students have the important opportunity to obtain direct exposure to some of the most valuable fields of study, while learning how these fields can be applied to positively impact the world. Our company could not operate without skilled engineers and others in these fields. We are honored to be a part of the educational journey of our bright and talented future STREAM leaders."

### About The Solana Beach Schools Foundation

The Solana Beach Schools Foundation (SBSF) is a non-profit organization that funds hands-on, inquiry-based learning opportunities that engage children in the Solana Beach School District and enrich their education by contributing to weekly STREAM Discovery Labs.

### About the Solana Beach School District

The Solana Beach School District, nestled on the north coast of San Diego County, serves approximately 3,000 students. Instruction is rich, varied, and innovative. Our emphasis is on core standards instruction, provided through a continuous progressive curriculum. State assessments provide evidence that student needs are being met. District schools consistently rank at or near the top in district, county, and state accountability measures. Our students and schools have received numerous awards and have been recognized at county, state, and national levels for a variety of accomplishments.
