Solana Beach School District Brings Staff, Students, Community Together as Imagining Our Vivid Vision Focus Group Plans to Meet January 21

SOLANA BEACH, CA (January 14, 2020)—As the school year continues into a new decade, the [Solana Beach School District](#) (SBSD) is gathering together staff, students, families, and community members to continue its focus group work in a year-long strategic planning project, called “Imagining Our Vivid Vision”. More than 60 participants from across the District will meet for the third time this school year to update the District’s mission, create a vision statement, embed Local Control and Accountability Plan (LCAP) goals, and create a student promotion profile.

The next “Imagining Our Vivid Vision” session will be held on January 21, 3:30-5:30 p.m. at Skyline School, located at 606 Lomas Santa Fe Drive in Solana Beach.

(Photo, top left: Imagining Our Vivid Vision participants discuss elementary school experiences during the first session last fall.)

Two prior meetings were held last fall at Skyline School. Participants gathered to listen, discuss, and brainstorm for the future direction of SBSB. Past sessions included SBSB alums, who took the stage and answered questions about their own elementary experiences and offered suggestions for the District’s future work in supporting students as they progress through elementary school.
