

September 15, 2020

Good morning Solana Beach Onsite Scholars families and all SBSD employees,

For those of you who are registered and scheduled to participate in the District's proactive COVID-19 testing program with UC San Diego Health this week, **it is important that you activate your UCSD MyChart account.**

You should have received an email or text from UC San Diego Health with the activation information. If you cannot locate the email to activate MyChart, please check your spam folder. If you did not receive an email or text, please reach out to the UC San Diego Health testing coordinators at SBSDCOVIDTesting@health.ucsd.edu and request a new activation code. It is important to do this within 24 hours of testing in order to receive your results. Please be sure to include the name of the individual(s) who will be tested in your email.

Thank you for your attention to this important update as testing begins today, Tuesday, September 15, and runs through Thursday, September 17.

Sincerely,

Jodee Brentlinger, Superintendent
