

September 17, 2020

Good morning Solana Beach Onsite Scholars families and all SBSD employees,

I am pleased to announce that, in partnership with UC San Diego Health, we are offering Onsite Scholars (students) and staff an **additional COVID-19 testing day on Friday, September 18, from 8:00 to 11:00 a.m. at Solana Pacific School.**

The make-up day is for Onsite Scholars (students) and all SBSD employees who have been unable to participate in the proactive COVID-19 testing program this week, prior to our return to physical campuses during the week of September 21.

If you plan to visit the make-up testing site on September 18, please activate your MyChart account prior to your arrival. You should have received an email or text from UC San Diego Health with your MyChart activation information. If you did not, please reach out to the UC San Diego Health testing coordinators at [SBSDCOVIDTesting@health.ucsd.edu](mailto:SBSDCOVIDTesting@health.ucsd.edu) and request a new activation code. It is important to do this within 24 hours of testing in order to receive your results. Please be sure to include the name of the individual(s) who will be tested in your email.

We strongly recommend all Onsite Scholars (students) be tested prior to returning to our campuses next week to help keep our staff, students, and families healthy, as well as support us in our efforts to keep our schools open. More information can be found in our new *Guide to Reopening Schools 2020-21* on your school's website or at [www.sbsd.net](http://www.sbsd.net).

Sincerely,

Jodee Brentlinger  
Superintendent
