Solana Beach School District Leadership Declares January 2021 As School Board Recognition Month

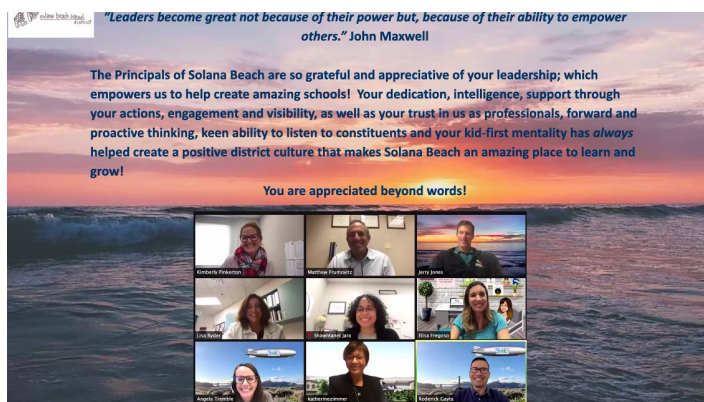

SOLANA BEACH, CA (January 25, 2021) – The Solana Beach School District (SBSD) is proud to join more than 1,000 educational agencies in California in recognizing the significant contributions of its Board of

Education members and declaring January 2021 as School Board Recognition Month. In a proclamation given at a regularly scheduled Board meeting on January 21, district leaders urged all community members to join SBSBD in recognizing the dedication and hard work of its Board of Education. The proclamation concludes, “By working together, we are able to create an education system that meets the needs of our students.” (Photo, above: Slide from School Board Recognition Month presentation on January 21, 2021)

“Our Board members are elected to serve as vital links between our school district and communities,” said Jodee Brentlinger, Superintendent. “Each member works closely with educational professionals, families, and community members and organizations to create the safest and healthiest environments possible, where all students can thrive.”

During this challenging year, the SBSBD Board of Education acted immediately to ensure that students’ academic, social-emotional, physical, and mental health needs are being met; has continued to prioritize the health and safety of students and employees by implementing above and beyond COVID-19 mitigation measures each and every day, including an asymptomatic testing program in partnership with UC San Diego Health; and, has relentlessly kept its belief that all students can be successful learners and that the best education is tailored to the individual needs of the child.
