Solana Beach School District Recognizes All Employees with 'You Are Our Champions' Celebration and Picnic

SOLANA BEACH, CA (May 14, 2021) – The Solana Beach School District Leadership Team is making plans to honor and celebrate the District’s nearly 500 employees with outdoor picnics on May 19. The event recognizes the above and beyond dedication and accomplishments of both certificated and classified

employees from the District’s schools and central office sites. Since reopening schools last fall, SBSB staff have engaged students through both in-person and online learning models.

“This unforgettable school year is soon coming to a close and the Solana Beach School District wants to be sure that each and every one of its employees knows how much they are appreciated for their monumental efforts on behalf of our students,” said Jodee Brentlinger, Superintendent. “To each one, we say, ‘You are our champions.’”

Employees are invited to reconnect with their peers on Wednesday, May 19, at their individual work locations (physically distanced) where the Leadership Team will host desserts and beverages. Employees can bring their favorite individual foods to enjoy, as required by current health and safety guidelines. Earlier in the day, all SBSB employees will be treated to a special online video presentation, notes, and a gift of appreciation from the Leadership Team, thanks to the generosity and support of community businesses and organizations, including: Schools First Credit Union; Telecu; Balfour Beatty Construction; Lionakis; Alpha Studio Design Group; Erickson-Hall Construction Company; HMC Architects; Atkinson, Andelson, Loya, Ruud & Romo; and Mission Federal Credit Union.
