## Solana Beach School District Seeks Applicants for Openings On Measure JJ Independent Citizens' Oversight Committee

SOLANA BEACH, CA (March 24, 2023) – The Solana Beach School District (SBSD) is looking for volunteers to serve on its Independent Citizens' Oversight Committee (ICOC). The ICOC ensures bond proceeds are specifically used to support school construction projects as authorized by Measure JJ, which was passed by local voters in November 2016. Committee members serve a two-year term and provide oversight of the District's \$105 million school bond construction program.

The District seeks representatives to serve in two (2) of the following categories:

- Bonafide Taxpayer's Organization Representative
- Community At-Large Representative
- Business Organization Representative

Community members interested in applying to serve on SBSD's ICOC can get more information and access the application at [www.sbsd.net/ICOC](http://www.sbsd.net/ICOC). Applications are due by April 21, 2023. Interviews will be held the week of May 1-5, 2023. The SBSD Board of Education will consider ICOC member appointments at the regularly scheduled Board meeting on May 18, 2023.
