School Description

Welcome to Skyline School, Home of the Waves! We are a unique school housing two outstanding educational programs, our 4th-6th grade program and our Global Education K-6 program.

Skyline has a strong educational program that emphasizes a positive and supportive learning environment with clear and consistent standards for behavior. The students at Skyline School demonstrate high academic achievement in their class work and on their standardized test scores.

Skyline consistently ranks at or near the top in the county and state in standardized testing. Skyline is the recipient of the 2012 California Distinguished School Award. This recognition was achieved through the hard work of our students, committed and dedicated teachers and staff, and our active and involved parents. Skyline is a great place to attend elementary school!

District Mission Statement

The mission of the Solana Beach School District is to provide a child-centered education of the highest quality, using the unique vision and resources of home, school, and community to ensure a stable and vibrant learning environment rigorous in academic standards, rich in diversity, sensitive to individuals, and committed to developing compassionate children who are confident, competent, and creative learners.

District Beliefs

We Believe...

- in public education.
- everyone can learn and achieve.
- each individual has intrinsic worth.
- respect, honesty, self-discipline, and a sense of fair play are essential to the development of personal integrity.
- in personal responsibility and accountability.
- in striving to do one's best.
- in the value of a supportive, nurturing family.
- in the power of positive thinking.
- in valuing and utilizing diversity, we can achieve common goals.
- effective communication is essential.
- a sense of humor contributes to a healthy, balanced way of life.
- it is the responsibility of every individual to contribute to the betterment of a global society.
- in the benefit of individual pursuits and the value of collaborative contributions.
- successful change requires vision, personal action and a willingness to take risks.
- no failure is fatal . . . no success is final.
- learning is an essential life-long process.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

Solana Beach School District held a Public Hearing on September 8, 2016, and determined that each school within the district has sufficient and good quality textbooks, instructional materials, pursuant to the settlement of Williams vs. the State of California.

All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available.

Materials approved for use by the state are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in December 2016 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements (Most Recent Year)

Skyline provides a safe, clean environment for students, staff, and volunteers. Skyline was constructed in phases between 1955 and 1961 and was modernized in 2000 on an approximately 10-acre campus. The school buildings span 48,534 square feet, consisting of 20 permanent classrooms, 11 portable classrooms, a library, a staff room, a multi-purpose room, a STREAM lab, a computer lab, school office, health office, and a playground. The facility strongly supports teaching and learning through its classroom and playground space. The chart shows the results of the most recent school facilities inspection.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Students with Disabilities	29	29	100.0	44.8

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Our Parent Teacher Association and the Solana Beach Schools Foundation provide substantial financial and volunteer support to our school, supporting enrichment programs such as STREAM (science, technology, research, engineering, art and mathematics), art, technology, and physical education. Our parents are actively involved in the decision-making process by participating on the School Site Council and Parent Teacher Association (PTA).

Contact Information

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact Skyline School at (858) 794-3600.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Student safety and campus security during the school day are of primary importance. All gates are kept locked during the school day, and all visitors must sign-in at the school's office and wear an identification badge while on school grounds. Surveillance cameras, which are not actively monitored, are installed in each ingress and egress area. Teachers, instructional aides, and administrators provide supervision before and after school, during lunch and during recess periods. The Comprehensive Safe School Plan was developed by the district to comply with Senate Bill 187 (SB 187) of 1997. The plan provides students and staff a means of ensuring a safe and orderly learning environment.

Each school includes the following requirements of SB 187 within their safe school plans: current status of school crime; child abuse reporting procedures; disaster procedures, routine and emergency; policies related to suspension and expulsion; notification to teachers; sexual harassment policy; provision of a school-wide dress code; safe ingress and egress of pupils, parents, and school employees; safe and orderly school environment; and school rules and procedures. The school evaluates the plan annually and updates it as needed. The plan was last updated and reviewed with school staff in September 2016.

Professional Development provided for Teachers

Staff members build teaching skills and concepts throughout the year by participating in conferences, workshops, and collaborative work. The Solana Beach School District offers two district wide staff development days at the start of the school year. Additional professional development is offered throughout the school year. Teachers are offered a broad-based variety of professional growth opportunities in curriculum, teaching strategies, and methodologies.

The main focus of staff development is focused on strategies to support the implementation of California State Standards for English/Language Arts and Mathematics. Other professional development topics include Next Generation Science Standards, emerging technologies and district technology systems.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
